RELEASES

PRODUCER / SONGWRITER / ENGINEER

Hägi is a Berlin-based producer whose unique productions are standing out because they sound just like they do.

Growing up he started playing drums, guitar and learning how to sing, which lead him to be a part of the German Reggae-Dancehall Soundsystem culture. While playing gigs as a DJ and MC he started to produce for artists all over the German hip-hop scene. With skills like his and a never-stopping working effort, you just have to ask yourself „Is there a thing that he can't do?“

SKILLS & HIGHLIGHTS

sound engineering | recording
vocal coaching | harmonies
piano | guitar | bass | drums
songwriting | mixing
